

CAP Squadron 107 WINGS Program

Presentation on Mountain Flying covering weather, wind currents and associated hazards, effects of density altitude, emergencies, and CFIT awareness.

Introduction and overview of the FAA WINGS Program. Demonstration of FAA Safety Team website features and site navigation.

Directions: If driving, first left turn on Airport Ave. Turn into gate on left to CAP area, park in the area on the left or down the hill in front of the CAP building.
If flying in, please contact James Short for information prior to the day of the event: (520) 261-0373, wings@svaero.org.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
